Shantanu Panigrahi (He/Him) 6:05 AM

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b For those people of other countries who share the philosophy of Conservative Libertarians) you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

In case you need additional information; please check here:

It takes strategy to make Instagram Highlight Reels that are compelling. Establish your brand's message first, then match it to the interests of your target audience. Explore popular themes, excellent images, and captivating musical selections by using spotiifyapk.com Content should be arranged into distinct categories with catchy covers and short titles. Maintain a regular publishing schedule and adjust your approach based on Instagram data. You can successfully create a devoted and expanding audience with imagination and understanding.

## MAKING IT UP AS ONE GOES ALONG

[Edited: 10.28 am, 7 March 2025]

Words are just descriptive-expressions that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular *raison d'être*. When one is living in the freedom of *satya-advaita yoga*, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement in terms of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my experiences of life over the past 27 years. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed these in the 345 eBooks that I have so far written in the series under the theme, 'The Allurement of Reality'. But I hope that no such clarifications would be necessary or me be called upon to answer: I wish to let my books do the talking, hence I am editing this post now that I have some free time. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words *Samadhi* and *Mahasamadhi*. I wish to make it clear at this point in time. For me *Samadhi* seemingly started on completion of my Book *Truth-accommodation (Satya-advaita)* and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it the Realisation is today. I had tried to consider numerous times during these years that I had had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not know what there is to Realise. It had to be awaited with patience. And I formulated a plan of self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best *bhakti* that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the period 2020 or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as *sanatan dharma*, that is to say karma in *sanatan dharma*.

*Mahasamadhi* is total Realisation when one does stop one's karma in *sanatan dharma* and lives in *Yoga-ananda*, the *yogadaan* emanating from one's dedication to the comprehensive approach to yoga.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of *Dharma Rakshati Rakshita* as being the eternal law of the universe, and this has not changed at the moment that I first wrote this posted account at 10.37 am on the 12 of October 2021.

Dear Spoty Pre

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b For those people of other countries who share the philosophy of Conservative Libertarians) you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b For those people of other countries who share the philosophy of Conservative Libertarians) you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b For those people of other countries who share the philosophy of Conservative Libertarians you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

Updated this book in Internet Archive and in The Allurement of Reality in Review Shop to the introduction of 'All we need is Members'.

---

**Comments:**

Dharma come a long way ahead of truth: that is the lesson that I have learnt in having been drawn back into the ideas on the 'Nature of Evil' and 'Do not engage with evil. One has to sift through evil: that is why there is the need for dharma. So a few emails that had come in from the Financial Ombudsman were not even opened by me as I wanted to use the morning deadline to follow up with sending out another ten or so emails to Members from the TCLS website first and then update this book so that the Duty justices in the Court of Appeal can consider it under Case Reference CA-2023-000750, or the Court of Central London could consider it under E35YM660 and failing that the Medway County Court can consider it under J00ME572. I cannot give any excuses now for the State authorities to charge me for an offence, so stay away from evil; just record it if I am indeed subjected to a Hearing.

Make sure you know what you're authorising

Hi Shantanu

Criminals sometimes need help to steal your money. Their latest tactic involves you using your Mobile Banking app or sharing an OTP (One Time Passcode) with them, to authorise card payments or add your card to their digital wallet.

Stay safe and don't get caught out.

Say no if someone asks you to authorise a payment using your mobile app, or to share an OTP.

Check the company and amount match. When authorising a payment make sure the company and amount is what you're expecting. If it doesn't you shouldn't continue.

Always read the full OTP message. The message will explain what the code is for. If the message doesn't match with what you're trying to do STOP and call us.

Turn off AutoFill on your device. Check and amend your device settings to stop codes, such as OTPs, being entered automatically without opening and reading the full message.

Unsure if the person you're dealing with is genuine? Stop and call 159. This will securely connect you to your bank.

Our strong customer authentication page tells you more about how your OTP and Mobile app are used to authorise payments.

Protect yourself from fraud

What did you think of this email?

Protect yourself against fraud and scams

Never share a Santander One Time Passcode (OTP) with another person. Not even a Santander employee.

Never move your money to a new account for security reasons. If you're asked to do this, it will be a scam.

Never take things at face value. Criminals pretend to be people you trust. Always make sure you really know who you're talking to.

Our Fraud and security page has more information on how you can protect yourself and your money.

Sorry, I meant I am 67 years and a pensioner, but I keep busy understanding the reality of our existence to find a way to develop ourselves accordingly. I was interested in Politics just as a way of studying Humanity, but I would not get into UK Politics because it lacks democracy in the way I see it should be. TCLS stands for truth, justice and democracy the full form being The Conservative Libertarian Society as a Global movement. We know Personal God exists and we have allegiance to God in whatever work we do in our daily routines. You can become a Member through the attachment content: VishistaAdvaitaSampradaya(TCLS\_TCLP-UK)MEMBERSHIP INFORMATION.docx. Sampradaya is a Hindu word that simply means Congregation. We would invite Christians, Buddhists, Sikhs, Muslims and all shades of ethnicities and gender to our Society. This past week, I had the incredible opportunity to attend The Business Show at ExCeL London on the 13th and 14th of November — one of Europe's largest and most impactful business events.

Over the two days, I connected with a wide range of professionals, learned from thought leaders, and gained valuable insights into the UK market. The event was a fantastic platform for networking, discovering new trends, and understanding the latest strategies driving business success.

I walked away with not just new knowledge but also fresh perspectives and ideas that I'm excited to put into action. It was an inspiring experience, and I'm grateful for the chance to be part of such a dynamic community.

Looking forward to leveraging these insights as I continue my journey in the business world!

I am not so far informed you that I have initiated a petition in the House of Commons for Parliament to consider developing a written Constitution for the United Kingdom which I think very seriously would be a good thing for the country.

I have managed to secure 4 signatures for the Petition and need just one elusive signatory for the Committee to consider whether it is a go or no go petition as drafted. Please consider this request to sign it here:

Welcome Pack to my Connections in LinkedIn

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b) For those people of other countries who share the philosophy of Conservative Libertarians you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

Dear Financial Ombudsman

This matter is still not closed as complaint for reasons that should be apparent from the attached correspondence: FrStripe(Frederick\_Ticket Open awaiting a Response from Me)5Feb2025.docx.

To clarify further, according to Geetanjali there is supposed to be a 4th Stripe Account associated with the JOIN IT Yahoo Email account, but it clearly could not be traced by Frederick. He seems to need more information. This is a classic symptom of deliberately sabotaging the Company with deceit and deception.

I have pointed out to JOIN It that either Join It or Stripe cancelled my annual plan while it had 6 months still to run and I was today compelled to extend my monthly plan into another annual plan at the cost of \$300 roughly.

These are all to do with criminals terrorising me by trying to sabotaging the work of the Conservative Libertarian Publications Limited with the disruption initiated when the Original Join It Account at Stripe was tampered with and I could not operate it for several weeks. I am demanding from JOIN It to add the missing 6 months to the annual plan that I now have established.

Frederick will no doubt have something to add to what I have reported here.

I hope that the Financial Ombudsman can now take over the investigation for there is no scope left for me for further discussions with Join IT or Stripe.

Yours sincerely

Hi Shantanu,

I'm glad to hear your issue has been resolved with Stripe.

Unfortunately, we don't prorate packages so there is not a balance we can transfer over.

You can cancel that organization and just consolidate it into this one.

Let me know if you have any other questions.

Thanks!

Hello Jose

Everything is finally set for new progression of the Conservative Libertarians (UK) as a development that I wish to take further through this Join IT Site.

I had a annual plan at JOIN It previously but due to circumstances relating to legal matters had to place the website on test mode for a couple of weeks. Now there are no legal hurdles to get through as you will note from the link

<https://www.knowledgeassessmentanddissemination.com/post/j00me572-systematic->

[violation-of-the-rules-of-posting-in-my-website-and-banking-failure-1](#) so could you see how much balance I had left with my previous annual plan and add it to the current monthly plan that I onboarded on yesterday?

Welcome Pack to my Connections in LinkedIn

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook.

No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b) For those people of other countries who share the philosophy of Conservative Libertarians you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

Welcome Pack to my Connections in LinkedIn

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet. Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b For those people of other countries who share the philosophy of Conservative Libertarians you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

Welcome Pack to my Connections in LinkedIn

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries

with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b) For those people of other countries who share the philosophy of Conservative Libertarians you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b) For those people of other countries who share the philosophy of Conservative Libertarians you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

Welcome Pack to my Connections in LinkedIn

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around

the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b For those people of other countries who share the philosophy of Conservative Libertarians you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

Welcome Pack to my Connections in LinkedIn

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook.

No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Welcome Pack to my Connections in LinkedIn

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b) For those people of other countries who share the philosophy of Conservative Libertarians you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

This is huge, Shantanu: the Government wants YOU to help revolutionise our water industry by taking part in its biggest sewage consultation yet. [1]

How? They've finally launched a huge new consultation - one we've been waiting for for months - to completely rebuild our broken water industry. It's our chance to have our say and demand that the Government's new Water Commission builds a fairer industry, that protects customers and cleans up our rivers and seas, for good.

The original consultation is pretty long and complicated - and right now you can bet that water company lobbyists will be flooding it with their views to try and maintain the status quo. So we've rebuilt it on the 38 Degrees site, making it simpler and easier for everyone to have their say.

Shantanu, will you share your views with the Water Commission today to help fix our broken water system and create something we can all be proud of? It should take just a few minutes to complete - and it's okay if you don't have thoughts for every question! None of us are experts, but our views are so important - just skip any question you don't know how to answer.

Here's the first question to get you started: Which of the following best describes how you feel about the current state of the country's water industry?

Proud

Frustrated

Angry

Embarrassed

Neutral

Don't Know

We're closer to ending the sewage crisis now than ever before. The Water (Special Measures) Bill — which is now law — is set to crack down harder on polluting water companies and their bosses. And 38 Degrees supporters made our voices heard in getting this Bill passed. [2]

But we know it doesn't go far enough - which is why this consultation is so crucial. Once we've gathered all the survey responses, we'll make sure they reach the decision-makers who can drive real change. And with such a wide reaching consultation, together we'll have the power to push for HUGE changes to the water industry. It's our big moment to push the Government to radically overhaul this broken system, and ensure clean rivers for our wildlife, clean seas to swim in and a system that's fair for all of us.

So, Shantanu, will you take this vital opportunity to share your views and push the Government to create a water system that puts people and the planet before profit? Here's the first question to get you started:

Which of the following best describes how you feel about the current state of the country's water industry?

Proud

Frustrated

Angry

Embarrassed

Neutral

Don't Know

Thanks for your everything you do,

Tash and the Sewage Team

Dear Shantanu,

At the Internet Archive, our mission is to make knowledge freely accessible for future generations. We are dedicated to preserving valuable cultural and educational resources, and your contribution through a planned gift or bequest can significantly help secure the future of our work.

We recognize that each person's financial and philanthropic circumstances are unique. That's why we offer various planned giving options, including bequests, charitable gift annuities, charitable remainder trusts, and designating the Internet Archive as a beneficiary—options tailored to help you meet your specific goals.

[LEARN ABOUT PLANNED GIVING](#)

Should you wish to explore the potential of making a legacy gift to the Internet Archive, please don't hesitate to reach out. We are here to provide guidance, address any questions you may have and discuss the various options available.

For more information, please fill out [this form](#) or email [joy@archive.org](mailto:joy@archive.org).

Your unwavering support in advancing Universal Access to All Knowledge is truly invaluable to us. We are deeply grateful for your ongoing commitment.

With warm regards,

Joy Chesbrough—Internet Archive

#### What Is A Legacy Gift?

A legacy gift involves providing a future gift to the Internet Archive through your financial or estate plans. The gift does not cost you anything right now, but will be a future gift to the Internet Archive to help us preserve, build, and protect free knowledge for future generations. The gift

from your estate is exempt from U.S. federal estate taxes and ensures that your entire donation will support the Internet Archive's mission of promoting Universal Access to All Knowledge.

### Structuring A Bequest

You can donate a portion or all of your estate to the Internet Archive through your will or trust. This is called a bequest, and there are several ways to structure it:

**Specific Bequest:** This specifies an exact dollar amount or a specific item of property that you leave to the Internet Archive. The language in a will for such a gift would read, for example, "I bequeath \$5,000 to the Internet Archive" or "I bequeath my vacation home to the Internet Archive."

**Residuary Bequest:** Using this bequest structure, you can leave specific assets to loved ones while giving the remaining or "residuary" amount to the Internet Archive. For example, "After all other gifts, I bequeath the remainder of my estate to the Internet Archive."

**Contingent Bequest:** You can designate the Internet Archive as a contingent beneficiary in case of a certain event. For example, "I give 5% of my estate to my friend Jane Smith, if she survives me – or, if not, to the Internet Archive."

### Specific Language for a Bequest

Organization name: Internet Archive

Address: 300 Funston, San Francisco, California, 94118

Tax identification number: 94-3242767

Organization type: Nonprofit organization with 501(c)(3) status

**Legal Language:** the Internet Archive, Inc., a nonprofit corporation, organized and existing under the laws of California, and with the principal business address of 300 Funston, San Francisco, CA 94118.

### Additional Planned Giving Options

**Life Insurance Policies:** Name the Internet Archive as a beneficiary of your life insurance policy, turning a modest investment into a significant gift.

**Retirement Plans:** Designate the Internet Archive as a beneficiary of your IRA, 401(k), or other retirement plan, potentially providing tax benefits to your estate.

**Charitable Gift Annuities:** Create a charitable gift annuity that provides you with a steady income stream during your lifetime, while supporting the Internet Archive with the remaining funds.

Welcome Pack to my Connections in LinkedIn

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is

of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b For those people of other countries who share the philosophy of Conservative Libertarians you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

#### Summary of Claim Amount:

The total amount claimed from United Kingdom Treasury for damages listed above is the tip of the iceberg: with the continued terrorism suffered by the Claimant the monetary value of the compensation Claim cannot be measured, but the Claimant now submits that £500 million is justified.

The Court of Appeal much like the same over here is run on the same basis as a committee! Along with that framework they take into consideration the feelings of the public, how will the public feel if they handed down an answer to a problem. It is a joke and has always been treated as such!
